11<sup>th</sup> June 2018

*Dear Pardeep & Bim,*

I wanted to write to say a huge thank you for being such a generous supporter of the Beanstalk Benefit 2018. We are thrilled to announce that your incredibly generous lot donation of The Highland Club stay raised £3,300 in total which was a significant part of the overall total raised, which was £41,200.

As you know, we had to change the event from a dinner, therefore, we lowered our target to £40,000 for the evening, and are really pleased with the result. It was a lovely evening, with a really warm atmosphere in the room and plenty of new faces, who we hope will become long term supporters.

The funds raised by the evening will help support our roll out to 'cold spots' of the country where the government has identified a lack of investment and high levels of poverty and deprivation. We are determined that every child in this country should leave school able to read to an appropriate level and with the tools to create a bright future for themselves.

A heartfelt thanks to you and Bim and we look forward to seeing you soon.

Kind regards,

*Annie*
